Capital Planning – Glossary of Terms

Attendance Area Reviews

The process of studying defined school attendance areas, for the purpose of achieving adequate and balanced accommodation amongst two or more schools.

Critical FCI rating

A school facility has a critical FCI rating when the cost of renewing the building is between 30 to 65% of the cost of replacing the existing building.

Facility Condition Index (FCI)

Facility Condition Index refers to the percentage of renewal funding required to upgrade/repair a school compared to the school's replacement value.

Good Places to Learn (GPL)

In February 2005, the Ministry of Education announced a new initiative called Good Places to Learn. The Good Places to Learn document cites the need for boards to provide a new, comprehensive outlook on school facilities, their conditions in the future, and their ability to provide safe environments for current program and curriculum delivery. The Good Places to Learn Grant was put into place for high and urgent component replacement needs.

Growth School

School needed in an area of new residential development where an EDC by-law is in place. Funding for a “growth school” may be available if a business case is accepted by the Ministry of Education.

Infill

The creation of residential lots through land severances.

Learning Environment

Refers to the condition of educational spaces as they relate to the effectiveness of teaching spaces for program delivery.

On-the-Ground Capacity (OTG)

The capacity of the school as determined by the Ministry of Education by loading all instructional spaces within the facility to current Ministry standards for class size requirements and room areas.

Planning Review Areas (PE & PS)

The areas as delineated in the background study used in the preparation of the Board's Education Developmental Charge By-law.

Prohibitive to Repair (PTR)

A school facility is deemed “Prohibitive to Repair” when the cost of renewing the building surpasses 65% of the cost of replacing the existing building (FCI>65%).

Pupil Accommodation Review

The review of two or more schools in order to develop viable and practical solutions for the accommodation of students within an accommodation review area. Reviews are to take place in accordance with Policy 2313, Pupil Accommodation Review.

Secondary Plans

Secondary Plans are long range municipal planning documents which direct major infrastructure: arterial roads, servicing, schools, and community parks.

Introduction to the Capital Plan

In February 2005, the Minister of Education announced the “Good Places to Learn: Renewing Ontario's Schools” document. The primary focus of this document was to: implement class size caps; increase child care spaces; review accessibility; provide funding for major school repairs, replacement school funding and growth school funding; and provide a framework for school closure.

Capital Planning is a ten year rolling endeavor. Staff will continue to monitor each planning area, as well as, proposed study areas based upon the above criteria, and different Ministry initiatives which may alleviate certain “pressure points”, or perhaps create new ones. Staff will recommend to the Board of Trustees, annually, which study areas should be acted upon, with options presented back to the Board of Trustees for a decision.

In December 2007 the Board received a Capital Planning document outlining each Planning Review Area. Staff proposed study areas based upon three distinct criteria: condition of school facilities, program delivery, and accommodation issues. These criteria must be recognized for the delivery of quality learning environments to the current and future students of Simcoe County. The Capital Plan recommended that five accommodation review committees be struck and two attendance area reviews. The Board approved these recommendations. Currently, 4 accommodation reviews and one attendance area review is underway, one attendance area review has been completed, and attendance areas have been implemented, and lastly one accommodation review will commence in January 2008.

Since the preparation of the Capital Plan, new ministry initiatives have transpired.

On October 1st 2008 the Ministry announced new capital funding to school boards. In order to be a candidate for funding, a Capital Priorities Template was to be completed identifying priority projects that were required up to and including the 2011-2012 school year. Only permanent construction can be identified as priority projects. Ministry funding will be reviewed and allocated on a project by project approval basis at the designated ministry benchmark costs for: growth, prohibitive to repair and other (which includes: localized accommodation pressure, consolidation, program enhancements, and facility retrofit.) These priority projects were submitted to the Ministry on October 31, 2008 with supporting business cases, and are contained within this Capital Plan.

In addition to capital priorities funding, the Ministry announced some funding for Full Day Learning for Four and Five Year Olds. In light of this announcement staff have included the concept of including all day learning into the system for 2010. For the purpose of the capital plan, the Board will assume that children enrolled within the half time kindergarten program will have opportunities to attend school on a full time bases. Capital projects, and attendance area reviews addressing the Full Day Learning will be determined once provincial policy is received.

Capital Planning - Population Growth

Simcoe County is comprised of 16 municipalities and two separated cities, with a population of 438,600 people. The County's growth management strategy projects the area to grow to 667,000 people by 2031, an increase of approximately 100,000 residential units. The growth strategy assumes growth will continue at a rate of approximately 4,000 residential units a year, primarily comprised of single and semi-detached units. The strategy suggests that the main change to residential development in the next 25 years will be an increase in density. The allocation of future growth is summarized in the following table:

Capital Planning – Secondary Planning Review Area

To serve the population of Simcoe County, there are 16 secondary schools. The secondary panel will be reviewed as one review area. Information from the review area, provides the basis for study areas. It is these study areas that will ensure information is detailed enough to make recommendations.

PS COMMUNITY FACTS:

- PS is comprised of all secondary schools in Simcoe County, Barrie, and Orillia. All trends that are currently facing each secondary school are reflected in the over all growth or decline of the feeder elementary schools. Within the next five years, the enrolment of the secondary panel will remain stable, then there will be a slight decline in enrolment due to a lower cohort going through the elementary panel, but will then stabilize.

Facility Condition Index

SCHOOL FACTS:

- There are 16 secondary schools within the PS Area.
- By 2013, 11 schools will have a critical FCI rating.
- There are 4 schools which have learning environments requiring upgrade reviews.
- There are no schools that have enrolment less than 75% of its capacity.
- There are 4 schools having enrolment greater than 125% of their capacity.

STRATEGIES FOR ACCOMMODATION REVIEW:

- Divide Planning Review Area PS into 5 study areas
 - Within these study areas the following strategies may be used:

NORTH WEST SIMCOE DEVELOPMENTS

• Limited pupil yielding residential growth is occurring within north west Simcoe County. All growth is directed to serviced urban settlement areas. However, limited servicing is available within these communities. In addition these communities have begun a transition to empty nesters and recreational developments resulting in a decline of pupil yields. Provincial land use policies have limited rural development, specifically land severances, resulting in a decline in pupil yields.

SECONDARY SCHOOL FACTS:

Collingwood C.I.

- Enrolment is stable, at 104% of its capacity.
- FCI reaches PTR by 2017.

Elmvale D.H.S.

- Enrolment is stable, at 169% of its capacity.
- FCI reaches PTR by 2017.
- Learning environment requires review.

Midland S.S.

- Enrolment is declining, at 70% of its capacity.
- FCI reaches PTR by 2017.

Penetanguishene S.S.

- Enrolment is declining, at 87% of its capacity.
- FCI reaches PTR by 2017.

Stayner C.I.

- Enrolment is increasing, at 140% of its capacity.
- FCI reaches PTR by 2017.

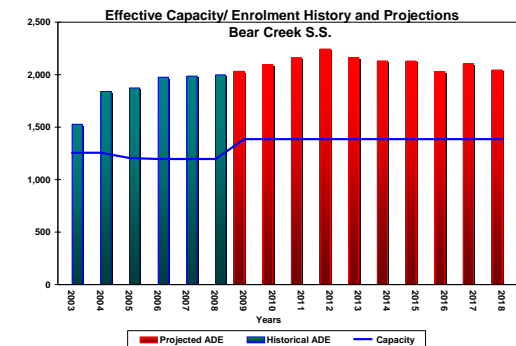

Current Strategy:

- Pupil Accommodation Review, commenced 2008.

Secondary Planning Review Area – Study Area 1SB: Banting Memorial H.S., Bear Creek S.S. and Essa SS

SOUTH/CENTRAL WEST SIMCOE AND WEST BARRIE DEVELOPMENTS

- Growth in this area is on the incline. Greenfield developments will continue increasing secondary pupil generation.

SECONDARY SCHOOL FACTS:

Banting Memorial H.S.

- Enrolment is stable, at 122% of its capacity.
- No FCI concerns.

Bear Creek S.S.

- Enrolment is stable, at 167% of its capacity.
- No FCI concerns.

Current Strategy:

- Growth School business case approved by the Ministry of Education.

Essa Secondary School:

- Opening date proposed for 2012.
- Benchmark funding source:

Growth School: \$18,814,228
PARF: \$2,565,777

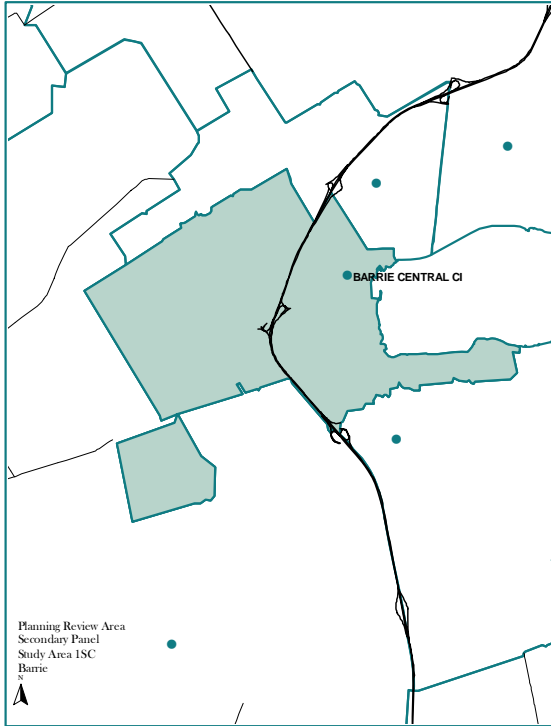

Bear Creek S.S. Addition:

- Opening proposed for 2010.

SOUTH/CENTRAL EAST SIMCOE AND SOUTH/EAST BARRIE DEVELOPMENTS

- Growth in this area is on the incline. Greenfield developments will continue increasing in secondary pupil generation.

SECONDARY SCHOOL FACTS:

Barrie Central C.I.

- Enrolment is increasing, at 98% of its capacity.
- FCI reaches PTR by 2017.
- Learning environment requires review.

Current Strategy:

- Business case submitted to the Ministry under the Capital Priorities Template.
- Replacement school.
- Opening date proposed for 2013.
- Benchmark funding for a 915 pupil place school, plus the inclusion of non EDC'able site costs and demolition:

Proposed Funding source:

PTR: \$25,833,600

Secondary Planning Review Area – Study Area 1SD: Orillia District C.V.I., Park Street C. and Twin Lakes S.S.

ORILLIA DEVELOPMENTS

• Orillia has low pupil yielding developments due to tenure of residences, resulting in a decline of pupil enrolment, becoming stable in the long term. There is a need to monitor the growth in this area to determine future pupil yields. In the long-term, enrolment becomes stable, however, the schools continue to be under capacity.

SECONDARY SCHOOL FACTS:

Orillia D.C.V.I.

- Enrolment is decreasing, at 105% of its capacity.
- FCI reaches PTR by 2017.
- Learning environment requires review.

Park Street C.

- Enrolment is declining, at 86% of its capacity.
- FCI reaches critical by 2013.
- Learning environment requires review.

Twin Lakes S.S.

- Enrolment is declining, at 103% of its capacity.
- FCI reaches critical by 2013.

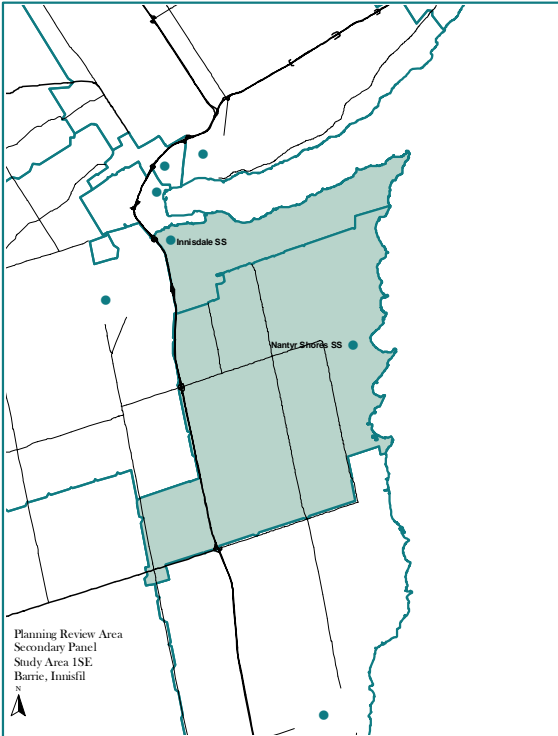

Current Strategy:

- Pupil Accommodation Review, commenced 2008.
- Prohibitive to repair case, when justified.

Secondary Planning Review Area – Study Area 1SE: Innisdale S.S. and Nantyr Shores S.S.

SOUTH/CENTRAL EAST SIMCOE AND SOUTH/EAST BARRIE DEVELOPMENTS

- Growth in this area is on the incline. Greenfield developments will continue increasing in secondary pupil generation.

SECONDARY SCHOOL FACTS:

Innisdale S.S.

- Enrolment is increasing, at 160% of its capacity.
- No FCI concerns.

Nantyr Shores S.S.

- Enrolment is stable, at 123% of its capacity.
- No FCI concerns.

Current Strategy:

- Growth school business case when justified.

Capital Planning - Elementary Planning Review Areas

To serve the population of Simcoe County, there are 90 elementary schools divided into 11 review areas. Review boundaries do not necessarily coincide with elementary attendance areas. Review areas enable the analysis of demographic and enrolment data on a smaller scale. This ensures that trends within a grouping of schools can be recognized, and provides a consistent long-term strategy for an area. Capital Planning takes the information from each of these review areas, and recommends study areas. It is these study areas that will ensure information is detailed enough to make recommendations.

Planning Review Area 1 – Adjala-Tosorontio, CFB Borden, Essa, New Tecumseth – Present Situation

PE COMMUNITY FACTS:

- PE1 is comprised of a large rural area with several small communities. There are three urban settlement areas where growth is being directed: Alliston, Tottenham and Angus. The Board has designated two elementary school sites in Alliston and one in each of Angus and Tottenham to accommodate growth.
- Rural school enrolments will decline due to provincial land use policies which limit rural development, specifically land severances.
- CFB Borden has transitioned from a residential base to a training facility, resulting in a significant decline in pupils.

- Alliston has had continuous growth over the past 10 years. A secondary plan has been approved with servicing. This development will continue to generate pupils. The Board has two elementary school sites designated.

ELEMENTARY SCHOOL FACTS:

Alliston Union P.S.:

- Enrolment is stable, at 120% of its capacity.
- FCI reaches PTR by 2017.
- Learning environment requires review.

Ernest Cumberland E.S.:

- Enrolment is increasing, at 105% of its capacity.
- FCI reaches critical by 2017 concerns.

Current Strategy:

- Monitor pupil growth in the area.
- Growth school business case when justified.
- Monitor building condition.

Planning Review Area 1 – Study Area 1EB: Baxter Central and Baxter Annex P.S.

BAXTER COMMUNITY DEVELOPMENT

- There is limited growth within the Baxter area. However, there is a stable student population as the area is still affordable to families wishing to locate to a rural community.

ELEMENTARY SCHOOL FACTS:

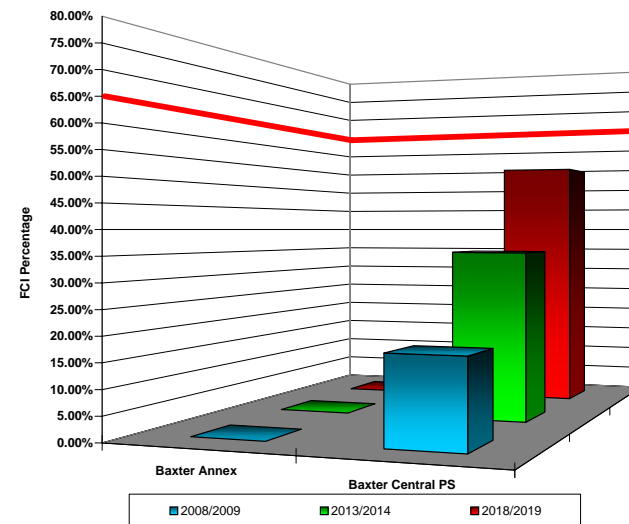

Baxter Central P.S.:

- OTG decreased in 2006. Annex deemed PTR and demolished in 2008.
- Portables are currently being used to accommodate the students from the Annex.
- Enrolment is stable, at 172% of its capacity (includes addition).
- FCI reaches critical by 2017.

Current Strategy:

- Annex accepted as PTR candidate, has been demolished.
- Requesting All day 4 and 5 funding
- Requesting funding for upgraded septic servicing
- Designing addition
- Opening date proposed for 2009.
- Benchmark funding source:

PTR: \$2,153,967
PCS: \$369,785

Planning Review Area 1 – Study Area 1EC: Adjala Central P.S. and Tosorontio Central P.S.

TOWNSHIP OF ADALA-TOSORONTIO AND COMMUNITY DEVELOPMENT

- The communities of Everett and Lisle have developments proposed. Growth in the area has enabled Tosorontio Central P.S. enrolment to remain stable, balancing the decline of mature neighbourhoods and rural areas.
- Township of Adjala has been directly impacted to provincial policy directing growth to settlement areas. This directly affects pupil generation.

Effective Capacity/ Enrolment History and Projections

Effective Capacity/ Enrolment History and Projections

ELEMENTARY SCHOOL FACTS:

Tosorontio Central P.S.

- Enrolment is stable, at 136% of its capacity.
- No FCI concerns.
- Learning environment requires review.

Adjala Central P.S.

- Enrolment declining, at 98% of its capacity.
- FCI reaches PTR by 2017.

Current Strategy:

- Attendance area review.
- Boundary Monitor building conditions.

Planning Review Area 1 – Study Area 1ED: Tecumseth North E.S., Tecumseth Beeton E.S., Cookstown Central P.S. and Alliston Union P.S.

NEW TECUMSETH DEVELOPMENT

- Since 1995, the Town of New Tecumseth approved an Official Plan limiting rural land use severances. This has directly affected new pupil generation. Growth has been directed to settlement areas.

ELEMENTARY SCHOOL FACTS:

Alliston Union P.S.

- Enrolment is stable, at 120% of its capacity.
- No FCI concerns by 2013.
- Learning environment requires review.

Tecumseth North E.S.

- Enrolment will decline to below 112 students by 2013, at 120% of its capacity.
- FCI reaches PTR by 2017.

Tecumseth Beeton E.S.

- Enrolment is declining, at 100% of its capacity.
- No FCI concerns by 2013.

Cookstown Central P.S.

- Enrolment is stable, at 118% of its capacity.
- No FCI concerns by 2013.

Current Strategy:

- Pupil Accommodation Review commenced 2008.
- Monitor building conditions.

Planning Review Area 1 – Study Area 1EE:

Tecumseth South Central P.S., Tottenham P.S., and Sir William Osler P.S.

NEW TECUMSETH DEVELOPMENT

- Since 1995, the Town of New Tecumseth approved an Official Plan limiting rural land use severances. This directly affected new pupil generation. Growth has been directed to settlement areas.

ELEMENTARY SCHOOL FACTS:

Tecumseth South Central P.S.

- Declining enrolment, at 81% of its capacity.
- FCI reaches PTR by 2017.

Tottenham P.S.

- Stable enrolment, at 103% of its capacity.
- No FCI concerns.
- Childcare has recently opened, which may result in an increase in student enrolment.

Sir William Osler P.S.

- Declining enrolment, at 84% capacity.
- FCI reaches critical by 2013.

Current Strategy:

- Pupil Accommodation Review.
- Monitor declining enrolment and FCI pressures.

Planning Review Area 1 – Study Area 1EF: Angus Morrison E.S., and Frederick Campbell E.S.

ANGUS AND CFB BORDEN DEVELOPMENTS

- Essa has approved several developments in the community of Angus that have been allocated servicing. Student enrolment is projected to generally remain stable.
- CFB Borden has transitioned over from a housing facility to a training facility.

ELEMENTARY SCHOOL FACTS:

Angus Morrison E.S.

- Enrolment is stable, at 95% of its capacity.
- FCI reaches PTR by 2017.
- Learning environment requires review.

Frederick Campbell E.S.

- Enrolment will decline to below 100 students by 2012, at 26% of its capacity.
- FCI reaches PTR by 2017.
- Learning environment requires review.
- Leased facility.

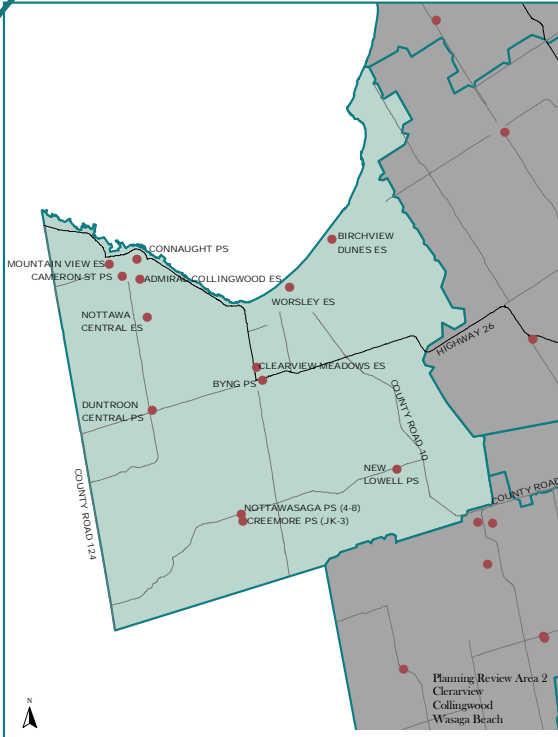

Current Strategy:

- Frederick Campbell E.S. nominated as Prohibitive to Repair candidate within Ministry Priorities template.
- School Consolidation proposed.
- Angus Morrison addition.
- Opening date proposed for 2011.
- Proposed Benchmark funding source:

PTR: \$2,222,154
PCS: \$1,479,140

Planning Review Area 2 - Clearview, Collingwood, Wasaga Beach - Present Situation

PE COMMUNITY FACTS:

- PE2 is comprised of a large rural area with several small communities. There are four urban settlement areas where growth is being directed: Stayner, Creemore, Collingwood and Wasaga Beach. The Board has designated two elementary school sites and one secondary school site in Wasaga Beach to accommodate growth. Rural schools are or will be on the decline due to provincial land use policies which limit rural development, specifically land severances.
- Wasaga Beach and Collingwood have been transitioning into retirement, empty nester communities resulting in a decline of pupil yields. School enrolment has remained stable, despite the increase in residential units.

COLLINGWOOD AND WASAGA BEACH DEVELOPMENTS

- Collingwood and Wasaga Beach have been transitioning into low pupil yielding retirement communities.
- There are areas generating pupils, resulting in unbalanced student enrolment.

ELEMENTARY SCHOOL FACTS:

Admiral Collingwood E.S.

- Enrolment is declining, at 64% of its capacity.
- No FCI concerns.

Cameron Street P.S.

- Enrolment is stable, at 101% of its capacity .
- FCI rating is critical by 2013.

Planning Review Area 5 - Oro-Medonte, Springwater - Present Situation

PE COMMUNITY FACTS

• PE5 is comprised of a large rural area with several communities. Growth is being directed to the community of Elmvale. There are smaller settlement areas where infill is being encouraged; Minesing, Hillsdale, Horseshoe Valley, Craighurst, Midhurst and Shanty Bay. The Board has no designated school sites in this review area. Rural schools are or will be on the decline due to provincial land use policies which limit rural development, specifically land severances. However, due to the number of small settlement areas, the schools of this PE area remain strong and are very stable.

ORO-MEDONTE DEVELOPMENTS

The number of small settlements within Oro-Medonte has attributed to a stable enrolment. Rural land use severances are minimized by provincial policy, reducing rural pupil generation. Larger scale development is proposed in Hillsdale, Midhurst and Craighurst.

ELEMENTARY SCHOOL FACTS:

Coldwater P.S.

- Enrolment is stable, at 103% of its capacity.
- No FCI concerns.

Hillsdale E.S.

- Enrolment is declining, at 162% of its capacity.
- FCI reaches PTR by 2017

Guthrie P.S.

- Enrolment is declining, at 95% of its capacity.
- No FCI concerns.

Moonstone E.S.

- Enrolment is stable, at 216% of its capacity.
- FCI reaches PTR by 2017
- Learning Environment requires review.

Shanty Bay P.S.

- Enrolment is declining, at 197% of its capacity.
- FCI reaches PTR by 2017.

W.R. Best Memorial P.S.

- Enrolment is increasing, at 163% of its capacity.
- No FCI concerns.
- Learning environment requires review.

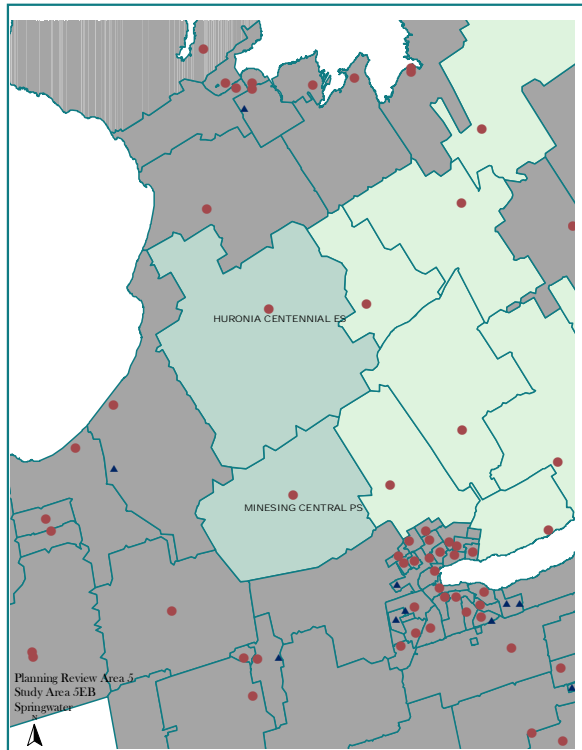

Current Strategy:

- Monitor growth in the area.
- Accommodation Review
- Attendance Area Review
- Prohibitive to Repair

Planning Review Area 5 – Study Area 5EB: Huronia Centennial E.S. and Minesing Central P.S.

SPRINGWATER DEVELOPMENTS

- Elmvale and Minesing are both settlement areas with servicing. Infill development will ensure stable enrolments within these communities.

ELEMENTARY SCHOOL FACTS:

Huronia Centennial E.S.

- Enrolment is stable, at 121% of its capacity.
- No FCI concerns.

Minesing Central P.S.

- Enrolment is declining, at 87% of its capacity.
- No FCI concerns.

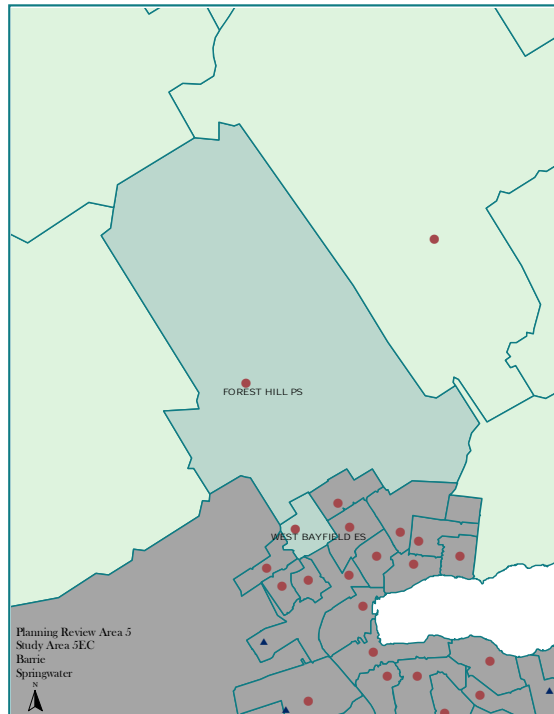

Current Strategy:

- Attendance Area review

Planning Review Area 5 – Study Area 5EC: Forest Hill P.S. and West Bayfield E.S.

SPRINGWATER AND NORTH WEST BARRIE DEVELOPMENTS

• A Secondary Plan has been approved for Midhurst. It appears that there will be increased enrolment pressures placed upon Forest Hill P.S., which has private servicing limitations. The north west quadrant of Barrie has been built out, resulting in a decline in pupil generation.

ELEMENTARY SCHOOL FACTS:

Forest Hill P.S.

- Enrolment is declining, at 121% of its capacity.
- No FCI concerns.

West Bayfield E.S.

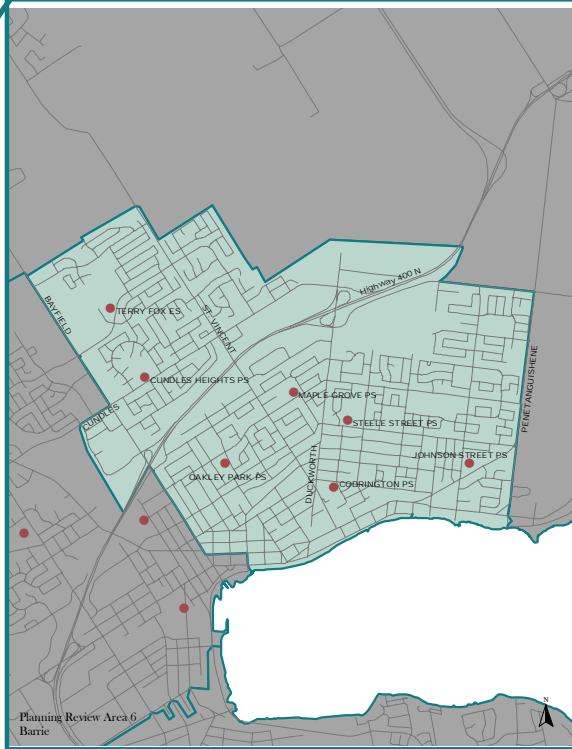

- Enrolment is declining, at 80% of its capacity.
- No FCI concerns.

Current Strategy:

- Monitor growth.
- Attendance area review.

Planning Review Area 6 - Barrie - Present Situation

PE COMMUNITY FACTS

• PE6 is comprised of the north eastern quadrant of Barrie. Significant growth has occurred in this section of Barrie over the past fifteen years. This portion of Barrie is reaching build out, with no further boundary extension anticipated. This area will continue to decline over the next 8 years then will begin to stabilize.

Planning Review Area 10 – Study Area 10EB: Hewitt's Creek P.S., Sunnybrae P.S. and Greenfield Development

SOUTH EAST BARRIE DEVELOPMENTS

- This area has had intensive growth over the last five years. There is considerable greenfield growth in this area. The Board has two elementary sites designated in this review area.

ELEMENTARY SCHOOL FACTS:

Hewitt's Creek P.S.

- Will be used as a holding school for new growth.

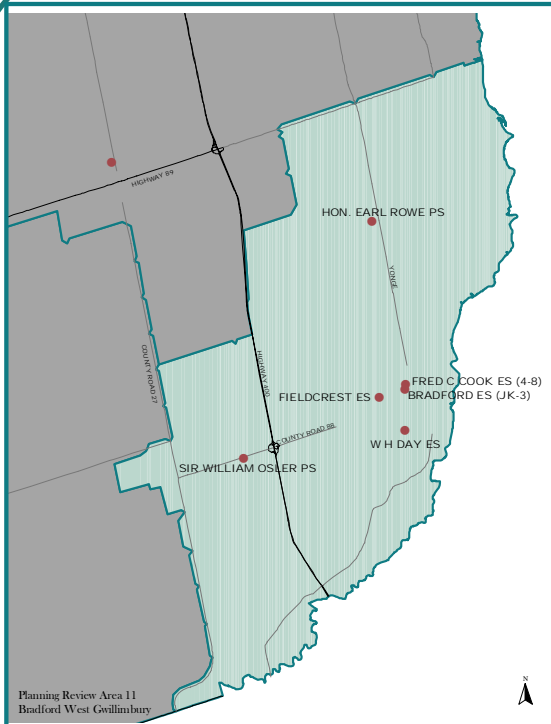

Sunnybrae P.S.

- Enrolment is declining, at 86% of its capacity.
- No FCI concerns.
- Will be used as a holding school for new growth

Current Strategy:

- Growth school business case when justified.
- Attendance area review.

Planning Review Area 11 - Bradford West Gwillimbury - Present Situation

PE COMMUNITY FACTS

• PE11 is comprised of a large rural area with Bradford being designated as an urban settlement area where growth is being directed. The Board has two designated elementary school sites in this review area. Rural schools will decline due to provincial land use policies which limit rural development, specifically land severances, limiting new pupil generation.

• Declining growth in Rural areas

Increased growth in settlement areas
